

HOPKINS DISTRICT LIBRARY

# HOPKINS HAPPENINGS

## FALL PROGRAMS

We had originally hoped to begin programming again this fall. However, due to the size of our library and restrictions still in place, we are continuing to do make and take crafts and programs for the time being. We are calling them "Fun Day Fridays" and releasing them each Friday. They are available on first come, first serve basis and are available until they are gone. Most weeks, one will be available for younger kids and one for older kids and adults. There are some kits still available from previous crafts. So if you missed one you were interested in, feel free to ask if we still have it available.

## HOT SPOTS ARE HERE

The library received a grant to purchase 3 hot spots for checkout by Hopkins patrons only. They are T-mobile hot spots and are available for one week checkouts at a time. You must be 18 or older to check one out. Give us a call for more details.
